## MEMORANDUM

TO: Interested Parties  
FROM: Susan W. Shaffer *[Signature]*  
DATE: April 13, 2010  
RE: January/February 2010 Drug Test Statistics (Adult Arrestees)

Beginning with this report, our format has changed. Each month, we will compare the current month's results with the prior month's results in the chart format as below. Only particular trends or points of interest will be mentioned.

February 2010 showed an unusually high (35%) decrease in overall test results (in large part due to the closing of the government as a result of the snow storms). Although most data remains relatively consistent, PCP positives showed a 2% decrease from January 2010.

No. Tests/No. Positive	January 2010		February 2010	
	As % of All Tests	As % of All Positive	As % of All Tests	As % of All Positive
